Bethlehem Kudumba Unit is described as an action, crime, period, and thriller film, giving it a distinctive combination of historical atmosphere and gangster drama. Instead of focusing only on conventional action, the movie explores the consequences of the choices made by its characters. The central conflict is shaped by competing loyalties, criminal ambition, family connections, and the possibility of redemption.

The cast of Bethlehem Kudumba Unit includes several prominent Indian actors. Yash plays Raya, while Kiara Advani appears as Nadia, Nayanthara plays Ganga, Huma Qureshi portrays Elizabeth, Tara Sutaria plays Rebecca, and Rukmini Vasanth appears as Mellisa. One of the defining elements of Bethlehem Kudumba Unit is its period setting. The story places its characters in a Goa shaped by colonial tensions, criminal networks, and changing political circumstances. This allows the film to combine a historical backdrop with the larger-scale action and dramatic storytelling associated with Yash's cinema. The setting is not simply decorative; it forms an important part of the world in which Raya attempts to establish his position.

Bethlehem Kudumba Unit also represents a significant visual and production-scale project for Indian cinema. The film has been released in premium theatrical formats, including IMAX and 4DX, alongside standard 2D presentations. Its theatrical presentation is designed to

emphasize its action sequences, atmospheric locations, production design, and large-scale visuals.

This multilingual release reflects the pan-Indian scale of Bethlehem Kudumba Unit and Yash's nationwide audience following his success with the KGF films.

Bethlehem Kudumba Unit is particularly significant because it comes after a four-year gap since Yash's previous major theatrical release, KGF: Chapter 2.
